Have your listings translated and displayed in your choice of 13 languages:

Depend on professional translators who do all the translations
24/7 Internet exposure to potential buyers in their language of choice

Agent IDX Web Site Package
Only for members of MLS Associations we already cooperate with.

IDX web site works as standalone web site with all MLS listings displayed in your choice of 13 languages or enriches your current web site with multi-lingual IDX listing search!

Immobel Web Site Features
Every page will be branded - your name, photo and contact information will appear on every page.
Choice of different web site templates - different layouts and colors available to choose from. You can change your design at any time.
Multiple photos and virtual tours – images and virtual tours will be displayed with listings.
Featured Properties* - your listings will be shown in a separate tab "Featured properties" as well as in the general IDX data pool. This allows you to give an extra emphasis to your listings, while still providing access to the larger IDX search.
Your Office Listings* - your company listings can be shown in a separate tab "Our Office Listings" as well as in the general IDX data pool.
Your own www address – you can choose to have your website address as a sub domain of Immobel, or use your custom domain name. You can purchase a new domain through Immobel or use your own domain you already have (additional minimal domain registration and transfer fees apply).
Email alerts – registered clients can save search criteria, easily edit it, and receive daily updates of new properties that match their criteria in the language of their choice.
Email listing to a Friend – email full color listing flyer to your clients framed in your web site with contact information to you.
Language bar flags for your other site - you can add flags on your other web site (if you have one) to connect it with your Immobel Web Site, in order to have multi-lingual solution on your existing web site.

* IDX Web Site Package Only

Agent Standard Web Site Package
NOT IDX. Manual upload of listings.

Immobel Standard Web Site works as standalone web site with listing search in your choice of 13 languages or enriches your current web site with multi-lingual listing search!

You will enter all your listings manually (no limit on the number of listings). You just need to fill in the form in English, add property photos and plans and we will do the rest. We translate your listings and show them in the choice of 13 languages on your Immobel Web Site and on the immobel.com global portal.

**No set up fee!
Only $99
annual fee**
